Fiscal Analysis

ASSUMPTIONS:

1. While SB 96 removes the requirement that schools provide 180 days of pupil instruction in order to receive full state funding, it does not alter the minimum aggregate hours of pupil instruction required by law.
2. It is anticipated that all schools will continue to provide the minimum aggregate hours required by law. Therefore, SB 96 has no impact on state support for public schools.

EFFECT ON COUNTY OR OTHER LOCAL REVENUES OR EXPENDITURES:

It is anticipated that school administrators and trustees will alter their school calendars if they believe that the change is in the best interest of students, their parents, and the efficient operation of the school district. It is unknown what, if any, savings would result from a more flexible school schedule.
